From Wickenburg and other Points .--Mining, etc.

H. H. Cartter, Jr., district autorney, and J. S. Thomas, sheriff, of this county, arrived home Wednesday last, from Wickenburg, where they found Mesers. Peoples, Sexton and other citizens and wife, had passed Wickenburg, for Tueson, all right.

Mr. Smith and his force of workmen were busy putting the mill in condition for erashing ore. Mr. Sexton, of the Vulture mill, had received word from London, to the effect that Mr. Phelps had about made all necessary arrangements for commencing work on the Vulture.

The gentlemen came via Weaver, and inform us that the arastras of the Marcus company were running on Marcus ore.

Letter from Camp Date Creek.

To the Editor of the Arizona Miner : Since I last wrote you, there has been numerous changes at Camp Date Creek. In the first place we have had a change in commanding officers Captain Henton, a fine officer and estimable gentleman, being sent on recruiting service, and Lieut. J. P. Trout being left in command; and as he is, at present, the only officer at the post, indeed he has his hands full-being commanding officer, Q. M. and A. C. S. The next change has taken place in the medical department; Dr. Barre being relieved, and in his stead we have Dr. Corbuster. The Indian department is in flour-ishing condition—nearly four hundred pets on the reserve and more expected. Mr. Brannan and staff are erecting a large building to be occupied by the Indian department, which, I suppose, will be finished in the course of a few days. Every-thing, in fact, around the post looks lively; and it would surprise most any stranger, coming here, to see the teams, loaded with hay and wood, arriving here every day. "Ocha-calma" is expected with his braves. He has been outside the limits of the reserve for some time past, and has been seen within three miles of the post several times, and, I suppose, the next thing you hear will be that he is playing "good Indian" again. Some of our scouts that went with Capt. Price have re-turned, and seem heap tired of playing soldier.

Some ettizens of Wickenburg and vicinity have petitioned the legislature for a decree of disorce from Yavapai county, wishing to lie in bed with the citizens of Maricopa county. Others oppose the move. The MINER likes the Wickenburgers, and would dislike to see them leave their mammy's

We are at last happy in the possession of mail facilities over the route from Prescott to Hardyville, on the Colorado river, and feel grateful to our Delegate in Congress, P. M. This is right Citizens and soldiers should have no other teelings for each other, especially in a country like this, where both forces work together for common objects dear to all.

New Settlement.

The placing of mail service on the route hence to Hardyville, has induced Messrs. Thornton & Birch to start a settlement at old camp Willow Grove, where there is plenty of water, timber and grass. Other citizens will shortly settle close to them, as well as at Trout creek and other places, and, in this way, the land along said route will be pied settled up, and the country be made to contribute will to the wealth of the Territory and nation.
